EDUCATION

Mohan Babu University   Tirupati, India
Full-time Bachelor of Technology (Electronics and Communication Engineering)   2022 - Present
CGPA: 9.8

ServiceNow RiseUp Program   Online
ServiceNow Fundamentals Training & Certification Program   June 2025 - September 2025

Jawahar Navodaya Vidyalaya   Chittoor, India
Full-time Secondary and Senior Secondary   2014 - 2022
Percentage: 93.6%

SKILLS

Programming Languages:	Python, C, SQL
Libraries/Frameworks:	HTML, CSS, JS
Tools / Platforms:	GitHub, ServiceNow, VS Code
Databases:	MySQL

PROJECTS / OPEN-SOURCE

Student Project Verification System | Link   *ServiceNow Studio, ITSM*
- Designed a centralised system for students where students submit their project verification requests and managers verify them and ServiceNow capabilities for enabling the automatic process automation.

Rank-Based College Predictor | Link   *Python, Pandas, Streamlit*
- A student-friendly web application that predicts eligible colleges based on entrance exam rank, category, and gender.
- The app processes last-rank cut-off data from Excel files using Pandas, applies rank-based filtering logic, and displays filtered results through an interactive Streamlit interface for quick and intuitive access.

Smart Home Automation System | Link   *C, Arduino IDE, Sensors, Automation Logic*
- Built an automation system for light control, fan speed adjustment, and a password-protected door lock.
- Integrated sensors for motion detection and environmental monitoring, and programmed control logic in C using Arduino IDE.

CERTIFICATIONS

- ServiceNow Certified System Administrator - **ServiceNow**
- ServiceNow Certified Application Developer - **ServiceNow**
- Pearson MePro English Level 10 Expert - **Pearson**
- Introduction to Python Programming - **Coursera**
- Introduction to HTML, CSS, & JavaScript - **Coursera**
- Introduction to Software Engineering - **Coursera**
- Getting Started with Git and GitHub - **Coursera**
- SQL (Basic) - **HackerRank**

HONORS & AWARDS

- Coordinator IETE Student Forum (ISF): Led and managed technical events including hackathons, circuit design contests, and coding challenges.
- Organiser Art and Literary Club: Organized creative competitions such as word games, vocabulary tests, and crossword puzzles.
